Report description:

The demand for polishes continued its downward trajectory in Czech Republic in 2024, largely driven by shifting consumer habits and perceptions. The necessity of polishing, once seen as essential for maintaining certain items, has diminished significantly. Modern consumers increasingly favour multi-purpose cleaning products, which offer greater convenience and versatility, over traditional polishes. This behavioural shift has resulted in declining sales volumes, though the average unit price of...

Euromonitor International's Polishes in Czech Republic market report offers a comprehensive guide to the size and shape of the market at a national level.
