Report description:

In 2024, current value growth for retail e-commerce outpaced growth for offline retail yet again in the US. This was strongly driven by a few factors, with convenience remaining one of the leading ones. Amazon boasted in July 2024 that the number of items received by its Prime members globally by same or next day delivery grew 30% year over year, evidence of the online retailer's determination to make online as easy as offline when it comes to consumers' receipt of goods. By contrast, China-base...
