### **Report description:**

In 2024, self-service cafeterias remained a fairly small channel in Austria, registering foodservice value sales growth of 5%. However, across the review period and into 2024, the channel suffered from a lack of innovation and the absence of interesting new concepts. This was largely due to changes in the behaviour of employees, a key target group for self-service cafeterias, who, since the pandemic, had been eating out noticeably less, opting instead to eat at home or even in the office through...
