Report description:

Small local grocers in Argentina saw an improved performance in terms of value sales in 2024, compared to that recorded towards the end of the review period. In 2023, small local grocers continued to cede some ground to or lose competitiveness with regard to modern grocery retailers like supermarkets, hypermarkets, convenience stores and discounters.

Euromonitor International's Small Local Grocers in Argentina report offers insight into key trends and developments driving the industry. The report examines all retail channels to provide sector insight. Channels include hypermarkets, supermarkets, discounters, convenience stores, mixed retailers, health and beauty retailers, clothing and footwear retailers, furniture and furnishing stores, DIY and hardware stores, durable goods retailers, leisure and personal goods retailers. There are profiles of leading retailers, with analysis of their performance and the challenges they face. There is also analysis of non-store retailing: vending; homeshopping; internet retailing; direct selling, as available.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
