Report description:

In 2023, surface care in China saw a slight current value decline, primarily due to consumers stockpiling during the pandemic, which reduced subsequent demand. However, as these are essential daily cleaning products, surface care returned to growth in 2024. For instance, standard floor cleaners, kitchen cleaners, and window/glass cleaners experienced declines in retail current value terms in 2023. As the stockpiled inventory was gradually used up, consumer demand for these surface care products...

Euromonitor International's Surface Care in China market report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data (historic date range), allowing you to identify the sectors driving growth.
