Report description:

Earlier in the review period, surface care saw a significant price increase driven by rising costs. However, this trend came to an end in 2024 with prices contracting, mainly due to the revaluation of the Costa Rican colon (CRC). Although several surface care products are manufactured locally, many are made from imported raw materials. As a result, the revaluation of the exchange rate led to a decrease in production costs, which manufacturers passed on to consumers. Thus, in 2024, surface care s...

Euromonitor International's Surface Care in Costa Rica market report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data (historic date range), allowing you to identify the sectors driving growth.
