Report description:

Consumers in Serbia prefer universal cleaning products that can be used for multiple uses such as dishwashing and surface cleaning. For example, some households clean the kitchen tabletops with dishwashing liquid instead of a surface cleaner. By adopting this strategy, households can limit expenditure on home care products. Within surface care, multi-purpose cleaners are preferred over room-specific products in Serbia. No other surface care category can come close to multi-purpose cleaners in te...

Euromonitor International's Surface Care in Serbia market report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data (historic date range), allowing you to identify the sectors driving growth.
