Report description:

Despite being relatively underdeveloped, the market for toilet care in the Dominican Republic registered only modest growth in retail volume terms in 2024. With consumers facing a higher cost of living, many viewed specialised products for this purpose as non-essential. Instead, they sought more affordable alternatives, such as multipurpose surface cleaners or, in some cases, powdered laundry detergent mixed with chlorine. Such purchasing behaviour was particularly noticeable within lower-income...

Euromonitor International's Toilet Care in Dominican Republic market report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data (historic date range), allowing you to identify the sectors driving growth. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market - be they new product developments, packaging innovations, economic/lifestyle influences, distribution or pricing issues. Forecasts to 2029 illustrate how the market is set to change.
