Report description:

Within Spain's toilet care category, rim blocks was by far the fastest-growing segment in 2024, driving substantial volume and current value growth overall and supported by price stabilisation following the sharp increases of the previous year. Consumer demand and retailer focus have shifted significantly toward rim blocks, which achieved double-digit growth in both volume and current value terms. This surge has been accompanied by the declining availability of rim liquids, further cementing rim...

Euromonitor International's Toilet Care in Spain market report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data (historic date range), allowing you to identify the sectors driving growth.
