Report description:

The toilet care category in Uzbekistan exhibited robust growth in both market value and volume terms in 2024, continuing the positive trend of previous periods. Despite the diminishing impact of the COVID-19 pandemic, toilet care products remain highly demanded due to their essential role in everyday household hygiene. In 2024, growth was accompanied by price increases of 25-35% for most imported brands, mostly driven by global supply chain disruptions and newly represented customs tariffs for a...
