### **Report description:**

In 2024, vending in Argentina saw modest growth compared to some other channels in the country. Hot drinks and snacks are the most important products sold through vending, and due to the complex economic context, many local consumers avoided on-the-go consumption. In an attempt to avoid vandalism, vending machines are usually located in key and monitored areas. For example, vending machines are often located in secure places like airports, as well as inside kiosks, where owners can supervise the...
