Report description:

Legal Services in Japan

Summary

Legal Services in Japan industry profile provides top-line qualitative and quantitative summary information including: market share, market size (value and volume 2019-24, and forecast to 2029). The profile also contains descriptions of the leading players including key financial metrics and analysis of competitive pressures within the market.

Key Highlights

- Legal services market refers to the industry that involves professionals and firms offering legal counsel, support, and representation in different areas of law. Industry scope covers a wide range of legal fields such as commercial, criminal, family, labor, taxation, insolvency, legal aid, and other specialized areas, catering to the diverse needs of clients seeking legal support. Market value refers to the revenue generated by law firms in a year for the services they provide, including all relevant taxes. Market volume represents the total number of legal professionals in a country during a specific year.
- The Japanese legal services market recorded revenues of \$5.5 billion in 2024, representing a negative compound annual growth rate (CAGR) of 2.6% between 2019 and 2024.
- Market consumption volume increased with a CAGR of 2.2% between 2019 and 2024, to reach a total of 45.6 thousand personnel in 2024.
- The Japanese market accounts for 4.4% of the total Asia-Pacific market. The market contraction during 2019-24 primarily contributed to the double-digit contraction in 2022.

Scope

- Save time carrying out entry-level research by identifying the size, growth, major segments, and leading players in the legal
