Report description:

Global Healthcare Providers

Summary

Global Healthcare Providers industry profile provides top-line qualitative and quantitative summary information including: market share, market size (value and volume 2019-24, and forecast to 2029). The profile also contains descriptions of the leading players including key financial metrics and analysis of competitive pressures within the market.

Key Highlights

- Healthcare providers market encompasses the total expenditure on healthcare in each country. It covers all the final consumption spending on healthcare goods and services. The market is segmented into inpatient care, outpatient care, long-term care, medical goods, and collective services and capital formation.
- The global healthcare providers market recorded revenues of \$11,591.5 million in 2024, representing a compound annual growth rate (CAGR) of 5.6% between 2019 and 2024.
- The outpatient care segment accounted for the market's largest proportion in 2024, with total revenues of \$3,979.7 million, equivalent to 34.3% of the market's overall value.
- The growth of the global healthcare providers market is attributed to the introduction of compulsory health insurance policies, which have widened access to medical services and increased patient inflows to hospitals and clinics. For instance, in December 2024, the UAE's Ministry of Human Resources and Emiratisation, in collaboration with the Federal Authority for Identity, Citizenship, Customs, and Port Security, introduced the Basic Health Insurance package, offering a competitive price with nominal treatment costs for private sector employees and domestic workers across the country.
