Key Highlights

Central Coalfields Limited, commonly known as CCL, is a significant coal producer in India and operates as a subsidiary of Coal India Limited. The company was incorporated in the year 1956 and has played a vital role in the development of the coal industry in India. Headquartered in Ranchi, Jharkhand, Central Coalfields Limited manages numerous coal mines and associated operations across the resource-rich state of Jharkhand. Its primary business segment is the production and supply of coal, catering to a variety of industries including power generation, steel production, cement manufacturing, and other heavy industries that rely on coal as a crucial input.

The company operates both underground and open-cast mining projects and has built a strong infrastructure comprising mining equipment, transportation networks, and workshops. With a strategic focus on operational efficiency and environmental sustainability, Central Coalfields Limited continues to expand its production capacity while adhering to safety and community development initiatives in its operational areas.
