## Key Highlights

Wilo SE, founded in 1872 and headquartered in Dortmund, Germany, is a leading global manufacturer of pumps and pump systems. With over 90 production and sales companies in more than 50 countries, Wilo serves a broad international market. The company employs approximately 9,000 people worldwide, demonstrating a strong global workforce dedicated to innovation and quality.

Wilo's business segments focus primarily on building services, water management, and industrial applications. Its extensive product portfolio includes centrifugal pumps, submersible pumps, submersible mixers, and aeration systems. These products are used in residential and commercial buildings, water supply and sewage disposal systems, and various industrial processes. The company places significant emphasis on research and development to drive technological advancement and sustainability, investing heavily in developing intelligent and energy-efficient solutions. Wilo's worldwide presence, combined with its commitment to innovation and eco-friendly technology, positions it as a key player in the pump manufacturing industry, meeting the evolving needs of customers across diverse sectors.
