Key Highlights

Tanaka Precious Metal Group Co., Ltd., founded in 1885, is a distinguished Japanese company headquartered in Tokyo. As a privately held enterprise, it operates under the parent company Tanaka Holdings Co., Ltd., which manages the group's diverse operations. Over more than a century, Tanaka has established itself as a global leader in the precious metals industry, renowned for its innovation, technological expertise, and high-quality products and services.

The company specializes in the development, processing, and distribution of precious metal products that serve a broad array of industries. Its offerings are integral to sectors such as electronics, automotive, healthcare, and environmental technology. In the electronics field, Tanaka provides essential materials like bonding wires, sputtering targets, and plating solutions that support the manufacture of semiconductors and electronic components. The automotive industry benefits from Tanaka's catalysts and contact materials, which are used to improve emission control and electrical performance.

In healthcare, the company contributes with gold colloids and diagnostic reagents that play a critical role in medical diagnostics and laboratory testing. Tanaka is also actively engaged in sustainable technologies, developing electrocatalysts for fuel cells and water electrolysis systems, promoting clean energy solutions. Additionally, Tanaka offers valuable services including precious metal recycling, refining, and technical consulting, ensuring responsible resource management and client support.

With its longstanding history and continuous drive for innovation, Tanaka Precious Metal Group remains a pivotal player in enabling technological advancement and sustainability across the industries it serves.
