Key Highlights

Energia Group Limited, incorporated in 1998, is a leading energy company based in Dublin, Ireland. Specializing in the generation, supply, and distribution of electricity and gas, Energia Group operates primarily within the Power industry, serving regions across Ireland and Northern Ireland.

Founded with a strong commitment to sustainability, Energia Group has significantly invested in renewable energy projects, particularly wind power. The company operates numerous wind farms across Ireland, enhancing the country's renewable energy capacity and contributing to a reduction in carbon emissions. Alongside renewable projects, Energia Group manages conventional power generation assets, ensuring a reliable and balanced energy supply.

Energia Group's retail brand, Energia, is a top supplier of electricity and gas, recognized for its competitive pricing and exceptional customer service. The company offers diverse energy plans tailored to meet the needs of various customer segments, including households, small businesses, and large enterprises. In Northern Ireland, Power NI serves as the primary electricity supplier, maintaining a strong presence in both domestic and business markets.

Beyond energy supply, Energia Group provides a comprehensive suite of energy services aimed at boosting energy efficiency and sustainability. These services include energy audits, management solutions, and the implementation of energy-saving technologies. By assisting customers in reducing their energy consumption, the company plays a crucial role in promoting environmental responsibility.

Energia Group's dedication to innovation, sustainability, and customer satisfaction has established it as a key player in the Irish energy market. Through ongoing investments in renewable energy and customer-centric services, the company continues to drive progress towards a greener and more efficient energy future.
