### **Report description:**

Construction in Pakistan

#### Summary

Construction in Pakistan industry profile provides top-line qualitative and quantitative summary information including: market size (value 2019-24, and forecast to 2029). The profile also contains descriptions of the leading players including key financial metrics and analysis of competitive pressures within the market.

#### Key Highlights

- Construction market includes both residential and non-residential construction. Market value refers to the total output value of construction activity in a specific year. Construction output value is defined as the total value of construction activity in any given period, including costs related to all materials, equipment, and services used.
- The Pakistani Construction industry recorded revenues of \$29.0 billion in 2024, representing a compound annual growth rate (CAGR) of 14.4% between 2019 and 2024.
- The non-residential segment accounted for the industry's largest proportion in 2024, with total revenues of \$20.3 billion, equivalent to 70.1% of the industry's overall value.
- The growth of the Pakistani Construction industry is driven by sustained urbanization, rising population density in major cities, and continued infrastructure development efforts by the government. Urban centers such as Karachi, Lahore, and Islamabad experienced growing demand for housing, public infrastructure, and commercial developments due to internal migration and natural population growth.

#### Scope

- Save time carrying out entry-level research by identifying the size, growth, major segments, and leading players in the

construction market in Pakistan

- Use the Five Forces analysis to determine the competitive intensity and therefore attractiveness of the construction market in Pakistan
- Leading company profiles reveal details of key construction market players' global operations and financial performance
- Add weight to presentations and pitches by understanding the future growth prospects of the Pakistan construction market with five year forecasts

Reasons to Buy

- What was the size of the Pakistan construction market by value in 2024?
- What will be the size of the Pakistan construction market in 2029?
- What factors are affecting the strength of competition in the Pakistan construction market?
- How has the market performed over the last five years?
- What are the main segments that make up Pakistan's construction market?

## **Table of Contents:**

Table of Contents

1 Executive Summary

1.1. Market value

1.2. Market value forecast

1.3. Category segmentation

1.4. Geography segmentation

1.5. Market rivalry

1.6. Competitive landscape

2 Market Overview

2.1. Market definition

2.2. Market analysis

3 Market Data

3.1. Market value

4 Market Segmentation

4.1. Category segmentation

4.2. Geography segmentation

5 Market Outlook

5.1. Market value forecast

6 Five Forces Analysis

6.1. Summary

6.2. Buyer power

6.3. Supplier power

6.4. New entrants

6.5. Threat of substitutes

6.6. Degree of rivalry

7 Competitive Landscape

7.1. Who are the leading players?

7.2. What strategies do the leading players follow?

7.3. What are the strengths of the leading players?

8 Company Profiles

8.1. National Engineering Services Pakistan (Pvt) Ltd
