- Corporate License \$4250.00

Report description:

The Industrial Rubber Companies Quadrant is a comprehensive industry analysis that provides valuable insights into the global market for Industrial Rubber. This quadrant offers a detailed evaluation of key market players, technological advancements, product innovations, and emerging trends shaping the industry. MarketsandMarkets 360 Quadrants evaluated over 190 companies, of which the Top 23 Industrial Rubber Companies were categorized and recognized as quadrant leaders. Industrial rubber includes both natural and synthetic elastomers that are capable of undergoing elastic deformation under stress and returning to their original shape once the stress is released. Known for its durability, flexibility, and resistance to heat, chemicals, and abrasion, industrial rubber is vital in various sectors. In the automotive industry, it is used in components like seals, gaskets, and vibration dampers.

Beyond automotive applications, industrial rubber is integral to industries such as construction, manufacturing, polymer modification, wires & cables, electronics, coatings, adhesives, and healthcare. Its versatility and superior performance make it indispensable across multiple industrial sectors. The report divides the market by type, product, application, and region. The regions examined in the report include Asia Pacific, Europe, North America, the Middle East & Africa, and South America. The 360 Quadrant maps the Industrial Rubber companies based on criteria such as revenue, geographic presence, growth strategies, investments, and sales strategies for the market presence of the Industrial Rubber quadrant. The top criteria for product footprint evaluation included By End-Use Product Processing (Molding, Extrusion, Calendering), By Type (Natural Rubber, Synthetic Rubber), By Product (Mechanical Rubber Goods, Rubber Hoses, Rubber Belts, Rubber Roofing, Other Products), By Application (Automotive, Building & Construction, Industrial Manufacturing, Polymer Modification, Wire & Cable, Electrical & Electronics, Bitumen Modification, Coating, Sealant, & Adhesive, Medical & Healthcare, Other Applications).

Key Players

Key players in the Industrial Rubber market include major global corporations and specialized innovators such as Exxon Mobil Corporation (US), Dynasol Group (Spain), Synthos (Poland), ARLANXEO (Netherlands), China Petrochemical Technology Development Co., Ltd. (China), Versalis S.p.A. (Italy), PetroChina Company Limited (China), TSRC (Taiwan), ENEOS Materials Corporation (Japan), and SIBUR International GmbH (Russia), Asahi Kasei Corporation (Japan), The Goodyear Tire & Rubber Company (US), LG Chem (South Korea), DL Chemical (South Korea), and Reliance Sibur Elastomers Private Limited (India), KURARAY CO., LTD. (Japan), Sinochem International Corporation (China), THAI RUBBER LATEX GROUP PUBLIC COMPANY LIMITED (Thailand), Kumho Petrochemical (South Korea), and Zeon Corporation (Japan), LCY (Taiwan), SK geo centric Co., Ltd. (South Korea), and BRP Manufacturing (US). These companies are actively investing in research and development, forming strategic

partnerships, and engaging in collaborative initiatives to drive innovation, expand their global footprint, and maintain a competitive edge in this rapidly evolving market.

Top 3 Companies

TSRC

TSRC, originally known as Taiwan Synthetic Rubber Corp., was established to bolster the development of Taiwan's petrochemical industry. Initially the country's only producer of synthetic rubber, it has since evolved into a global leader in synthetic rubber and Styrene-Butadiene Copolymer (SBC) production. The company operates in two main business segments: Synthetic Rubber and Non-synthetic Rubber. It offers its products across three key product lines: synthetic rubber/elastomers, applied materials, and other related products. They produce 805,000 tons of various rubber types annually, including SBR, BR, NBR, TPE, and rubber compounds.

Synthos

Synthos is a chemical company that produces and supplies a wide array of products, including synthetic rubber, styrenics, crop protection solutions, and dispersions and latexes. These products serve a variety of industries, including automotive, construction, packaging, printing, paints and coatings, furniture, wood, paper, mattresses, carpets, agriculture, and energy. They operate several production facilities across Europe, with plants in Poland, the Czech Republic, the Netherlands, Germany, and France, boasting a combined annual production capacity of 760,000 metric tons. The company's facilities manufacture a broad range of high-quality elastomers, which are widely used in the tire industry and other technical applications.

SIBUR International GmbH

SIBUR is an integrated petrochemical company headquartered in Russia, serving a wide range of industries including automotive, construction, consumer goods, healthcare, food, energy, and chemicals. Approximately 42% of the company's sales come from exports to around 80 countries. SIBUR operates through four key business segments: Hydrocarbon Feedstock, Synthetic Rubber, Plastic and Organic Synthesis, and Basic Polymers and BOPP Films. Within the Synthetic Rubber segment, the company offers a variety of rubber products. In 2023, SIBUR generated revenue of USD 12.88 billion. The company has established a strong presence in Europe, North America, and the Asia Pacific regions.

Table of Contents:

1	INTRODUCTION	11
1.1	MARKET DEFINITION	11
1.2	INCLUSIONS AND EXCLUSIONS OF STUDY	11
1.3	STAKEHOLDERS	11
2	EXECUTIVE SUMMARY	12
3	MARKET OVERVIEW	16
3.1	INTRODUCTION	16
3.2	MARKET DYNAMICS	17
3.2.1	DRIVERS	17
3.2.1.1	Rising demand from automotive industry	17
3.2.1.2	Growth in construction and infrastructure development activities	18
3.2.2	RESTRAINTS	19
3.2.2.1	Environmental regulations and health hazards associated with industrial rubber	19
3.2.2.2	Availability of substitutes like thermoplastic elastomers	19
3.2.3	OPPORTUNITIES	19
3.2.3.1	Growing demand for eco-friendly rubber	19
3.2.4	CHALLENGES	20
3.2.4.1	Raw material price volatility	20
4	INDUSTRY TRENDS	21
