Report description:

The global rugged tablet market is anticipated to grow in the forecast period of 2025-2034 at a CAGR of 5.00%.

Global Rugged Tablet Industry Driven by Increasing Demand from Military Forces

The demand for rugged tablet market is primarily being driven by the defence and security sector across the world. The security forces are increasing their investment in smart devices as they are suitable for usage in extreme conditions. The threat of global terrorism and difficult cross-border relations is leading to the increase in defence expenditures of the security forces. The resistance to vibrations, shock, temperature changes, and water is attracting this expenditure towards rugged tablets. North America is expected to be one of the leading regions for the rugged tablet industry. This is because of presence of major players and high defence expenditure of United States. Asia Pacific is also expecting a significant growth because of the upgradation of security forces by nations like China and India.
