Key Highlights

Verisk Analytics, Inc. is a leading American data analytics and risk assessment company that serves a wide range of industries, with a primary focus on the property and casualty (P&C) insurance sector. Founded in 1971 as the Insurance Services Office (ISO), the company initially provided statistical and actuarial services to the insurance industry. Headquartered in Jersey City, New Jersey, Verisk delivers advanced data analytics and decision-support solutions that help clients manage risk, improve underwriting and claims processes, detect fraud, and enhance regulatory compliance. The company serves various sectors including insurance, natural resources, financial services, and government agencies. Its data-driven offerings span across critical domains like catastrophe modeling, environmental health and safety, supply chain risk, and climate analytics.
