The profile also contains descriptions of the leading players including key financial metrics and analysis of competitive pressures within the market.

Key Highlights

- Makeup market includes cosmetic products applied to the face, body, or nails to enhance or improve one's appearance, color, or texture.
- The global makeup market recorded revenues of \$70,510.8 million in 2024, representing a compound annual growth rate (CAGR) of 1.7% between 2019-24.
- Market consumption volumes declined with a negative CAGR of 0.5% between 2019-24, reaching a total of 6,556.1 million units in 2024.
- The global makeup market registered sluggish growth during 2019-24, primarily due to the COVID19 pandemic led to reduced social interactions and a shift to remote work, decreasing the need for makeup. Inflation and economic instability have caused consumers to prioritize essential items over nonessential beauty products.
